

# SETTING UP APPLICATION ENVIRONMENT

## Nutrition API

The screenshot shows the Clarifai web interface in a browser. The address bar displays `clarifai.com/gokulavasan/apps`. The browser's bookmark bar includes links to YouTube, Maps, Google Translate, Gokulavasan Email, Harvard Course, HackerRank, Canva, Codechef, Free Icons, OpenAI, and Dribbble. The main interface has a blue header with "My Apps" and "Community" tabs, and a "Switch to" button. On the left, a user profile for "Gokulavasan S" (username: gokulavasan) is shown with a purple circular avatar containing the letters "GS" and an "Edit Profile" button. The main content area has tabs for "Apps", "Models", and "Workflows". Under the "Apps" tab, a card for "gokulavasan/my-first-application" is visible, marked with an "M" icon and showing it was "Updated at Nov 12, 2022". On the right, a chat overlay is active, displaying the Clarifai logo and the text "Hi there 🙌 Thanks for reaching out. How can we help you today?". It lists a recent conversation titled "Exciting News" from "Clarifai name..." and provides a link to "See all your conversations". Below this, it states "Start another conversation" with a note "We'll be back online Monday" and a "Send us a message" button. A blue circular button with a downward arrow is located at the bottom right of the chat overlay.
